Search Help

Step-by-step instructions to navigate our Branch Search Option

1. Your Local Library Branch page will provide information for what is going on at your library.

Your branch page will have announcements and information about the services available at your local library.

From this page, you will be able to search for items available for pick-up at your location. Follow our simple "how-to" to make your search easy and productive.
2. Log-in to your account
3. Enter title, author, subject or other term in Keyword Search

From this page you will be able to search for your library’s items if they are available for pick-up at your location.

Check this box to see items available at your library.

4. Click WHERE IS IT to check availability

This lets you know if your search item is available for Holds.
5. Place a request

6. You will be notified when your Hold is available for pick-up
